Welcome, Exhibitors!

The Georgia National Fair extends a welcome to all exhibitors who make the Fair what it is, a great place for youth and agribusiness to show and compete. You also provide educational opportunities for the general public to learn more about agriculture and where their food comes from. Thank you for being a part of the whole picture.

The Fair would not be possible without all the assistance provided by superintendents and other show personnel, many of whom are volunteers. They make everything run smoothly so that the exhibitors have a good experience while at the Fairgrounds. Thank you for all your hard work!

General Rules and Regulations

NOTICE: All exhibitors are cautioned to read carefully the following rules and regulations, as they will be enforced strictly.

The Georgia National Fair (GNF) will be held on the Georgia National Fairgrounds & Agricenter, Perry, October 3-13, 2020, unless postponed, or extended by the Georgia Agricultural Exposition Authority (GAEA), all of which they hereby claim and reserve the right to do from any cause whatsoever which they may deem necessary for the general good of all concerned.

Administration of Rules and Regulations

The GNF reserves to the GAEA the final and absolute right to interpret these rules and regulations and to arbitrarily settle and determine all matters, questions, and differences in regard thereto, or otherwise arising out of or connected with or incident to the Show, and the right to amend or add to these rules as its judgment may determine. An exhibitor who violates any of the following rules will forfeit all privileges and premiums and be subject to such penalty as the GAEA may order.

Statement of Liability

1. All livestock exhibits will be under the direction of the GAEA, but the GAEA will in no case be responsible for any loss or damage that may occur. Each exhibitor will be solely responsible for any consequential or other loss, injury or damage done to, or occasioned by, or arising from, any animal or article exhibited by him/her and for its description as given in the catalog, and shall indemnify the GAEA against all legal or other proceedings in regard thereto, as well as damage or injury to any other person or property, caused by the exhibitor, or any of the animals exhibited by him/her, or arising out of, or in any way connected with such exhibition of any of the animals so exhibited.

2. The management reserves the right to remove from the grounds any exhibit, animal or fowl that may be falsely entered or may be deemed unsuitable or objectionable, without assigning a reason therefore, and if necessary, to return any money already paid for space or stalls, which shall exonerate them from any claim whatsoever on the part of the exhibitor or purchaser.

Testing and Responsibility

3. **DRUGS & DIURETICS:** Administration of any drug of any kind or description internally or externally is prohibited, except for treating a recognized disease or injury as prescribed by a licensed veterinarian. For the purpose of these rules, the term "drug" shall mean: the sale, possession or use of any substance which is controlled by license under federal, state or local laws or regulations and any substance commonly used by the medical or veterinary professions which affect the circulatory, respiratory, or central nervous systems of an animal.

The use of any diuretic, *tranquilizers or anti-inflammatory drugs* for any purpose whatsoever on any animal in the show is prohibited. Show management reserves the right to take blood, tissue, milk and/or urine samples for analysis. Any animal entered is subject to testing.

The administration of any drug of any kind or description internally or externally for the treatment of a disease or injury must be done in accordance with regulations established by the United States Food and Drug Administration.

4. **EXHIBITOR RESPONSIBILITY:** The exhibitor shall be the absolute insurer of and shall be responsible for the condition of an animal exhibited at the Georgia National Fair Livestock competitions, regardless of the acts of a third party. Extent of knowledge on the part of the exhibitor with regards to the drugs or substance found in an animal is not relevant to any issue, and it shall not be a defense that person or persons unknown introduced the prescribed substance into the animal prior to, or at arrival, or after arrival on the Georgia National Fairgrounds property.

Any animal exhibited in any 4H/FFA Junior show being treated with a prescription or over-the-counter medication (the use of any diuretic, tranquilizers or anti-inflammatory drugs for any purpose whatsoever on any animal in the show is prohibited) that has not completed its recommended withdrawal time must be accompanied by an original, complete veterinary prescription. This prescription must be provided to management upon request at any time during the show and will be required at the time of residue testing if that animal is selected. The prescribed medication(s) must be approved for the use on the treated animal.

Should testing and inspection procedures used by the GNF evidence the presence of a foreign substance or any drug not medically necessary or not approved for such use by the Food and Drug Administration or United States Department of Agriculture, the exhibitor, a member of the exhibitor's immediate family or any other person shown to have had care, custody or attendance of the animal in any way, at the discretion of the Georgia Agricultural Exposition Authority, may be subjected to the penalties provided for in these rules.

5. **PENALTIES:** An exhibitor determined to have violated these rules or whose animal has been found to contain evidence of drugs as described in these rules may be subject to the following penalties at the discretion of the Georgia Agricultural Exposition Authority;

- a. Forfeiture of prize money;

- b. Forfeiture of sale money;
 - c. Forfeiture of titles, trophies, and awards;
 - d. Banned from future livestock competition at the Georgia National Fair and the Georgia National Junior Livestock Show.
 - i. The exhibitor will be banned from competing at future livestock competitions for all species at the Georgia National Junior Livestock Show and the Georgia National Fair for twelve (12) months or one complete show year (whichever is greater) from rule infraction. After the twelve (12) months or one complete show year (whichever is greater) suspension has been completed, the exhibitor will then be placed on probation for twenty-four (24) months or two show years (whichever is greater). During this probation period, management reserves the right to residue test any/all entries of the individual on probation that are entered at the Georgia National Junior Livestock Show and/or the Georgia National Fair. The exhibitor is responsible for full payment of costs incurred for any positive samples. Residue tests will be sent to a laboratory of show management's choice.
 - ii. If, at any time following the first ban, **any Junior 4H/FFA animal** shown by that exhibitor tests positive for any unapproved drugs, prohibited drugs, or drugs that are not under the prescription of a licensed veterinarian, the exhibitor will be banned from the Georgia National Junior Livestock Show and the Georgia National Fair for the exhibitor's junior show career.
 - e. Subject to investigation by federal, state and local authorities for criminal prosecution.
 - f. Violation of these rules may result in disqualification from other 4-H and/or FFA activities.

Refusal to submit animals for testing or to cooperate in completion of minimum testing requirements will result in disqualification and subject the exhibitor to the same penalties provided for exhibitors whose animals test positive for drugs.
